REVOLUTION LUXURY VINYL PLANK  
THE MODERN PRACTICAL OPTION

Revolution luxury vinyl planks are a highly decorative and low maintenance floor, perfect for fast, easy, eye catching transformation of spaces.

Due to the detail in the wood grain pattern, revolution luxury vinyl planks impress with their realistic resemblance to genuine natural timber flooring in a range of 12 unique natural colour choices.

Elegant *natural look*  
for a **retail** environment

*Silverwood*

This luxury plank can be installed in high moisture areas such as, front entrances, hallways, bathrooms, kitchen and laundry areas. Revolution plank has a UV coated wear layer designed to protect the surface of the plank from constant foot traffic.

Because of its modern design, this luxury plank is a practical reality for residences and commercial settings where long term performance is a priority. The 'dry-back' design makes them the perfect candidates for straight forward and easy glue-down installation.
