& practical

The Titan range includes 2mm and 5mm glue-down vinyl plank and two generously sized hybrid plank flooring ranges. Titan Hybrid is a rigid core flooring product with integrated underlay. It has all the benefits of vinyl while requiring far less subfloor preparation and installation time.

Easy to clean

- Low maintenance due to its protective coating & matt finish
- Wet mop friendly

Impact resistant

- More indentation resistant than many other hard flooring options

Compatible with floor heating

- Can be installed over in-slab floor heating systems with a subfloor temperature up to 27°C degrees (refer to installation instructions)

Pet friendly

- Muddy paws and little accidents... no problem!

Low impact noise *

- Titan Hybrid has achieved a 6 star rating for multi-storey noise, making it ideal for apartment living.

Uniclic® installation system *

- Fastest and easiest installation system
- Can be walked on during and immediately after installation

*Feature applicable to Titan Hybrid range only

TIR170
Stonewashed Spotted Gum

Titan Hybrid is a rigid core plank with a highly resilient surface structure. Almost as beautiful as real timber but far more tolerant to water, scratches and indentation. The extra wide and long planks in the XXL range provides a generous reveal that exudes style in any open space.
