**The Eucalyptus Steps
Collection**

LAMINATE

Beautiful but Tough

Bring native charm and home-grown style to your space with The Eucalyptus Steps Collection.

Featuring ten stunning décors inspired by our native natural treasures, The Eucalyptus Steps Collection offers a comprehensive suite of Australian timber inspired designs. All options within The Eucalyptus Steps Collection are child and pet friendly, with the durability to withstand daily life in a way that only Laminate flooring can. They are resistant to wear, dents, staining, scratching, fading and burns and can easily withstand everyday life.

There are six standard sized floorboards within The Eucalyptus Step Collection that feature a matte finish, as well as two that have a gloss surface to provide a little extra shine to your space. Two extra long floorboard options round out the collection, and all décors offer to the true to life beauty of Australian native species.

Those purchasing the gloss finish floorboards, or the extra large options within The Eucalyptus Step Collection will enjoy 72 hours of spill protection – a highly useful feature when you've got little ones who might knock over their drink or pets who may have accidents – and all options within the range have a 100% waterproof surface thanks to their Aluminium Oxide wear layer.

Additionally, Standard and Gloss variants within the collection feature a UNICLIC locking system.

Plus, the minimum Residential Warranty on these fabulous Australian inspired floors is 15 years, so you can install them with confidence.

So, feel free to dress your home your way with The Eucalyptus Steps Collection. These floorboards are a wonderful addition to any space, and the ten décor options available mean the range is sure to have a colour hue to suit your unique design style whilst still being authentic to our Australian landscape.

What is The Eucalyptus Steps Collection?

The Eucalyptus Steps Collection is a Laminate flooring range which includes ten décors. Six of these décors are available in standard sizing with a matte finish, while two décors feature a slimline design and gloss finish. The collection is rounded up by two décors in an extra long size which have a matte finish.

All variants within the collection are crafted from the below components:

What are the benefits of The Eucalyptus Steps Collection of Laminate?

KIDS & PETS FRIENDLY

Kids and pets can be unpredictable, and as much as we love them, they're probably not too concerned about the floors and can cause havoc in the home. The good news is that all options within The Eucalyptus Steps Collection are highly durable and can stand up to the busy nature of daily life.

LOW MAINTENANCE

The Eucalyptus Steps Collection is designed to be low maintenance and easy to clean. Simply follow the Cleaning & Care Guide and enjoy your floors for years to come. Pro Tip: Make use of colour match scotia and stair nosing to complete the look.

WEAR RESISTANT

Exceptional wear resistance is a cornerstone feature of Laminate flooring and all selections in The Eucalyptus Steps Collection feature an Aluminum Oxide wear layer and minimum AC3 rating meaning they can be installed with confidence in even the highest traffic areas of the home.

STAIN RESISTANT

Stains can completely ruin the look of a floor as well as the feel of your home. The good news is that all options within The Eucalyptus Steps Collection are stain resistant, so your matte floors stay matte and gloss options stay shiny.

LOW ALLERGENIC

Due to their closed surface, all options within The Eucalyptus Steps Collection are considered an allergy-friendly flooring option. This is because they do not trap dust or allergens, something that is particularly important with little ones and pets in the home.

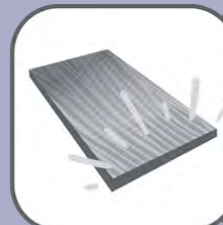

WATERPROOF SURFACE

The Aluminum Oxide wear layer of The Eucalyptus Steps Collection of Laminate flooring is highly resistant to scratches, dents, fading and burns. It also helps provide a 100% waterproof surface for all options.

CLASS RATING 23

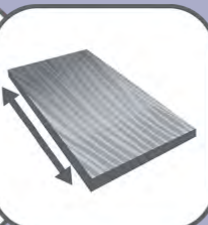

All options within The Eucalyptus Steps Collection have a Class Rating of 23 meaning they are suitable for installation in spaces with heavy residential traffic. This means they can be installed in hallways, entrances and kitchens with confidence.

GLOSS FINISH

72 HOUR SPILL PROTECT

EXTRA LONG

The extra large and gloss finish floorboards within The Eucalyptus Steps Collection also offer 72 hour spill protection. This means that the entirety of your new Laminate flooring system is highly durable and able to withstand daily life so you can simply clean up spills or accidents without having to worry about them damaging your floors.

The Eucalyptus Steps Collection

Laminate Flooring FAQs:

Where does The Eucalyptus Steps Collection sit in the Imagine Floors by Airstep product offering?

The Eucalyptus Steps Collection of Laminate flooring is Imagine Floors by Airstep Australian species Laminate range. Offering three sizes and two finishes, The Eucalyptus Steps Collection is designed to provide a comprehensive suite of options for those seeking flooring inspired by our native trees.

What makes The Eucalyptus Steps Collection special?

The Eucalyptus Steps Collection is an incredibly flexible range that offers ten gorgeous Australian native inspired décors. Combining a mixture of sizes as well as both gloss and matte finishes, The Eucalyptus Steps Collection can be installed in even the highest traffic areas of the home and provides stunning true-to-life detail.

What's so good about an Aluminium Oxide coating?

While most types of flooring available for homes has a PU Coating (water based polymer) Laminate floors have an Aluminium Oxide coating. This greatly enhances their resistance to scratches and damage, and means your floors will stay looking, and feeling, better for longer, even in high traffic residential spaces and commercial areas.

What expansion gap is needed?

The Eucalyptus Steps Collection of Laminate flooring requires than a minimum of 10mm - 12mm expansion gap is left around walls and other fixed elements within the space - this is standard for all floating floors. Colour match 20mm scotia and stair nosing are available for all décors within The Eucalyptus Steps Collection range to allow for a seamless finish.

Where can The Eucalyptus Steps Collection be installed?

The Eucalyptus Steps Collection can be installed in high traffic areas of the home and low traffic commercial spaces. The Eucalyptus Steps Collection is not suitable for installation in wet areas.

Why isn't The Eucalyptus Steps Collection considered waterproof? It has a waterproof surface?

Laminate floors are not waterproof systems by nature. Although the surface of the options within The Eucalyptus Steps Collection is 100% waterproof the floorboards are not. Gloss and extra large variations do have 72 spill protection, however, they are still not waterproof.

Is The Eucalyptus Steps Collection recyclable?

All Imagine Floors by Airstep Laminate flooring is 100% recyclable.

Do the floors within The Eucalyptus Steps Collection require underlay?

As a general rule, all floating flooring systems recommend the installation of underlay beneath your floorboards. You can find recommendations for underlay products that pair well with The Eucalyptus Steps Collection within this document.

What is the maximum raft size for The Eucalyptus Steps Collection?

Floors within The Eucalyptus Steps Collection can be installed in a raft size up to 10m wide and 12m long. If these dimensions are exceeded compartmentalisation is required and expansion trims must be used. Refer to Installation Instructions for further information.

What locking system does The Eucalyptus Steps Collection use?

Floors within The Eucalyptus Steps Collection use slightly different locking systems depending on your selection. Standard and Gloss options use a UNICLIC locking system, while Extra Long floorboards make use of a Glue free, mechanical 2G drop lock system.
